

We appreciate that you have trusted us with your medical care!

In an effort to keep your medical care costs down, we ask that your portion of your bill be paid at the time of service.

If you...

- Have a **copay** – it is due at time of service
- Have a **co-insurance plan**, for example an 80% or 20% - your portion is due at time of service.
- Have a **deductible** that you have to meet - \$50 for established patients and \$75 for new patients is due at time of service.
- **Do NOT have insurance**; we require \$89 for an established patient and \$132 for new patients be *paid at the time of service*. We will give you 35% off the billed charges. Please keep in mind this is just a down payment for your services today. Anything above this amount will be billed to you.

For your convenience we accept cash, checks, and credit cards. You will be billed if there are any additional charges.
